

Senario #1

It's twelve o'clock and you've just gotten the absolute worse news anyone could ever get. You need someone to talk to and no one is answering. *What do you do?*

Senario #2

Today is the third day after payday. You've paid the rent/mortgage and most of the bills leaving you with the bare minimum for another two weeks! You've just picked up the children from daycare and are headed home. Driving up to your block you notice emergency vehicles everywhere! Turns out they are at your home – a fire broke out and everything is lost. You have no insurance, no money for a hotel room and no family to stay with. *What do you do?*

Senario # 3

You're hearing two voices – one is saying, "it's over, there's no need to go on" and the other is saying, "I am the Lord your God, come to me". You want to follow the second voice and go – but there's no sanctuary open. *What do you do?*

The Healing Place seeks to be the answer to these scenarios and more. By being a 24 hour, 7 days a week facility, we look to aide the most intimate needs of the community. The church is to be the spiritual hospital, hotel and refuge. How many hospitals, hotels and safe places do you know of that close their doors after a certain hour? That's the needed necessity when the spiritual man is crying out for help. What's missing in the community is somewhere for that woman to go (regardless to the time) after her husband or boyfriend has just finished using her as his personal punching bag, or the place that a 14 year old who just went home after school and found everything gone including momma can go. Then there's a need for a place that the man who's just lost his job and is contemplating suicide because he doesn't know how to go home and tell his wife and children there's no more income to pay the already behind bills.

These may sound far fetched but each one is a true situation that without the love of Christ imparted into the vessels they may crack and eventually break under the pressure of the world.

In order to purchase and renovate the facility, given in a vision, to be The Healing Place we must ask for the assistance of our sisters and brothers. Now, most of you are ready to stop reading because you're saying, "Here we go, I don't have any money". Well don't stop because we are asking for \$1.33 from everyone that has ever gone through anything, from everyone that has felt alone once in life. Why \$1.33? Well, Paypal charges \$.33 for each transaction and we are asking for a donation of \$1. That won't even buy a soda today! But if enough of use pull together it will change the lives of some very worthy people! If you are led to do more, by all means do, but we are asking for a simple donation of pocket change. If you'd like to be part of this venture contact us for further information.

I'm not going to start throwing fancy words out to confuse or intimidate anyone, nor am I going to tell you to give a certain amount to see God move because the truth is, whatever is given from the heart – with the love of Christ in it, is already blessed.

I will give you two of the many scriptures that carry me through life daily.

Matthew **6:3-4** **(NKJV)**

³ But when you do a charitable deed, do not let your left hand know what your right hand is doing,
⁴ that your charitable deed may be in secret; and your Father who sees in secret will Himself reward you openly.

Matthew **7:12** **(NKJV)**

¹² Therefore, whatever you want men to do to you, do also to them, for this is the Law and the Prophets.

If we each seek to do the work of the Lord because that's what Jesus would do and not for selfish gain because we know God is our provider, it will be so easy to live under 'the golden rule' – Do to others as you would have them do to you.

Thank you for your prayers and support and feel free to contact me by email or phone – anytime!

God be with you!
